Most of this business was acquired with help of our channel partners in this region. Some of our customers in this region are Invest Bank, Amadeus Gulf, Le Royal Meridian Hotel, Al buhaira National Insurance Co etc.</p> <p>Solution Middle East would be working towards building the brand further for MicroWorld's eScan and MailScan range of real time antivirus and content security products. In addition to providing sales related support, Solution Middle East would be responsible for providing existing partners and customers with the necessary technical support for MicroWorld's products.</p> <p>MicroWorld and Solution Middle East will be jointly running various marketing campaigns to target the enterprise business segment, the small and mid-sized business (SMB) segments, and the consumer and SOHO segment.</p> <p>"Our eScan and MailScan range of real-time antivirus and content security products have been well received in the Gulf region. This has been clearly seen by the increase of revenue from this region. With the demand for our products increasing daily it was only fair that we provide our customers and partner with localized support. This would help us improve our service to customers and ensure them complete support from our end and a faster resolution to any of their queries." Said Mr. Govind Rammurthy, CEO, MicroWorld.</p> <p>"Our traditional business has been focused on communication and process solutions, where we are pioneers across the Middle East, there is a synergy between our present business and security. We are in the process of building up a strong portfolio at software distribution and MicroWorld fits in perfectly with our product strategy." Said Pramod Shetty-Product Manager-Enterprise Security ,Solutions Middle East.</p>	<p>MicroWorld expands its operations in the Gulf region</p> <hr/> <p>MicroWorld launches eScan for Linux servers</p> <hr/> <p>Aptec and 3Com target SMBs in UAE and Kuwait</p> <hr/> <p>HP Integrity server sales pass \$1b in 2004</p> <p><b>CPI GUIDES</b></p> <p>ISSUE 02 <input checked="" type="checkbox"/></p> <p><b>PRINTER GUIDE MIDDLE EAST</b></p> <p>PROJECTOR GUIDE MIDDLE EAST</p> <p>ISSUE 04 <input checked="" type="checkbox"/></p> <p>DIC leads the world... <input checked="" type="checkbox"/></p> <p><b>DIC VISIONS 2004</b></p> <p><b>OTHER GUIDES</b></p> <hr/> <p><b>CURRENT INTERNET THREAT LEVEL - ISS</b></p> <p></p> <p>AlertCon 1 - Regular vigilance. MicroWorld has also recently launched their antivirus products for the Linux platform along with the anti-spam, X-Spam product at Gitex 2004. MicroWorld thus now has a complete range of security solutions for both the Windows and the Linux platform to offer to the markets in the Gulf region to ensure complete security for their networks and stand alone PCs.
