Our Rating:	★★★★★	Support:	<a href="#">Email</a>	

### Author's Description:

eScan Corporate for Citrix is a complete security suite, for Citrix Servers providing complete protection against viruses. eScan scans the local and network drives for viruses and cleans them on a real-time basis. Built on MWL technology, it has a powerful Anti-Virus, intelligent Heuristic Scan Engine that detects and blocks over 90,000 known and unknown viruses. eScan is the latest offering from MicroWorld Technologies Inc. It offers a combination of features to help you fight the threat of viruses, set security policies for parental control over content accessed by your child. It guards against Internet misuse, block Spam and offensive mails and block PopUp Ads. A very important feature is Browser CleanUp that allows you to protect your privacy and removes traces of websites you visit, removes cookies, active X controls, plugins and other links that reveal your browsing habits. The features include Antivirus Monitor provides Real time Virus Scanning for the Desktop. / On Demand Scanner (ODS). User can schedule scanning for his desktop according to his convenience. / eServ (eScan Management Console) Remote installation and un-installation of eScan and existing AntiVirus solution from a single. / Advanced virus protection and monitoring across the enterprise, from a single management console. / Extensive Reporting of
